—Mr. and Mrs. P. M. Wilcox and our little cousins, Emma and Eliza Wilcox, and Miss Mary Stoner, also Misses Sarah and Martha Wright and Mrs. E. J. Newell, gave us a pleasant call this morning.

—The landlord of the Home hotel proposes to give Sunday dinners, at 1 o'clock p.m. It will afford an opportunity to get an extra good dinner, and we hope to see the Home successful in its enterprise.

—Frost makes the heart of the Gray boy leap like the doe on the. The puckering persimmon now grows mellow upon the bough, and the pulpy pawpaw ripens in the thicket.

—Mr. Martin Reeves of Saline township, was in last Tuesday and sold us some sorghum molasses that was the finest of the kind we ever tasted; it resembled in taste and looks more like the finest quality of strained honey than sorghum.

—Rev. Vaughan of the Gravelly called on us last Saturday; reported that his crops of all kinds are of the best. He has now a tomato vine eight feet high and thirty feet in circumference. This vine has produced tons of fruit for his family and now has two bushels ready for picking.

—Herman Tillman, beats Sam, Hawke in height and pugilism, Sam's backs down from his six feet six in his stockings. Herman is three and half taller, last Monday morning his dear wife presented him with a young gentleman weighing 125 lbs., his name we have not learned but understand it will be equal to Tippecanoe and Tyler too.

—Rev. Bridges, Methodist circuit-riders in this district, will preach at Flat Woods School house, on the 2d Sunday in Nov. and every 2d Sunday of each month, at 10 o'clock a.m., and at Tuscarobia same evening at early candle light.

Our old friend Taylor of Cole county with two other gentlemen gave us a call last Saturday. They were in pursuit of a man and family, who had borrowed their two mules and wagon to haul apples to the neighborhood, in place of hauling apples they were heading for the sunny south.

—Our friends and patrons have our everlasting regards for their kindness during the past week for responding to our call for services. Winter is at hand, wood and provision are equal, or better than cost for dues to the BANNER office.

—Nine new subscribers to BANNER this week.

—Miss Sarah and Martha Melton have our thanks for a beautiful wreath presented to our art gallery.

—We return thanks to our friends and patrons for a full supply of turnips, sweet and Irish potatoes, cabbage and cast.

—Go to W. H. Murphy, Dixon, Mo., you want a first class Wagon at the low price of \$600 including spring seat and brake; very cheap considering the great advance in iron and labor.

—Capt. C. V. Wells, called last Saturday on the BANNER and made us glad for subscription renewed and reports that he has raised two crops of early rose potatoes in the same piece of land this season, the last has potatoes as large as goose eggs. Captain W. is one of our best farmers.

—John W. Brockman and Mr. Whittaker of the eastern part of Miller county called on BANNER last Saturday report our old friend Col. Whitaker, Jack Lawson, and neighbors are in good health and the newly sown wheat crops looking well.

—We are pleased to acknowledge a call on Monday, from M. L. Lumber of Iberia, Miller county; Miss Nannie Tyres of Richland, and Miss Louella Hudson of this city. May they find occasion to call again.—Lebanon Leader.

—It is estimated that over 300,000 people visited the St. Louis Fair during the week. Even placing their expenses while there at the low average of ten dollars each, and St. Louis has scattered around in that one week by strangers, the handsome sum of \$3,000,000. Does it pay a city to contribute something to support a fair?—Ex.

—We are informed that on last Friday evening, two young men, Francis M. Shelton and T. J. Stanton, got into an alteration at a dance not far from Iberia, in which knives were used, at least Selton stabbed Stanton in the right side and cut the left wrist, producing serious wounds. Selton made good his escape and was at large last Monday.

—MARRIED.—At Jas. Hawkins on Bear Creek, by Elder Gibbs, Mr. Leuel Payne to Miss Mary Elizabeth Heckman on the 26th instant. May prosperity and happiness attend the newly joined couple and they may be blessed with many little responsibilities to cheer them on the broad ocean of time.

—Herman Tillman our old neighbor, places BANNER office under obligations for present of turnips, one of which measures 2½ inches and Peash Blow potatoes a few measure 18 inches in circumference. Herman has won he says is equal to any in the U. S. he is like our old friend Capt. Wells the best granger in the West. Who can beat that? Mrs. Dr. Jourdon of Hickory Hill, Cole Co., will compete for the prize in a few weeks.

—A boisterous row occurred at this place last evening between Jim and J. Beard and young Barb Burles, resulting in Barb having his face considerably bruised with a beer glass and a few strokes with the fist. The parties were, after a long time, arrested by Dr. Bradlyford, who was knocked down by one of the parties while making the arrest, but by the strong arm of Ben Martin, and the assistance of some others, the two Beards were lodged in jail and Barb was put under guard and the attention of Dr. Bradlyford. They will have their trial this morning. It is a shame for men to get so far beyond their place as to act in so disgraceful manner, and it is a great shame that men are permitted to swear, threat and fight for hours without interruption.

—MARRIED.—Mr. Charles Arnhold, of Brasito, Cole county, to Miss Teressa C. Gunther, of Benton county, Mo., at the bride's father's, in Benton county, on Oct. 23rd, 1879.

The BANNER office acknowledge a goodly quantity of the wedding cake, at the hands of that queenly lady of Judge Chris Arnhold's, at Brasito. May the blessings of heaven rest and abide with the young couple, that peace, pleasure, happiness and success may attend their journey through life and that they may prove much happiness to their parents in old age.

Judge Wm. Firth and his most estimable lady of Jefferson City have our many thanks for favors and a letter from our friend Herman Walters at Fort Worth, Tex., who was raised a near neighbor of ours in Jel. City and grew up as school and play-mate with the BANNER boys—as such, a feeling of almost brotherhood exists. Herman sends a specimen of Texas cotton, picked with his own hands, measures eleven inches as taken from the bale; such, produce one and one-half bales to the acre, and is worth 15c per pound in New York. Herman is a noble young man of high intelligence and education.

—Rev. Vaughan of the Gravelly called on us last Saturday; reported that his crops of all kinds are of the best. He has now a tomato vine eight feet high and thirty feet in circumference. This vine has produced tons of fruit for his family and now has two bushels ready for picking.

—Winter has set in in earnest at the East Snow is in Canada, in Connecticut, in the Catskill and other points about that region to the depth of twelve inches, and the weather is reported as intensely cold.

The people of Harrison township, Moniteau county, are already beginning to huddle for the winter of the Missouri Central locomotive. Dito the people of Miller county, Whichever is most in earnest will see the locomotive first.—Eclipse.

If any of our readers remained up Saturday night to witness the caperings of the stars, or account of the noise given in our last issue that the phenomenon would at that time take place, we owe them an apology. In addition, if they will designate a night we will sit up and intently gaze upon the "Heaven's snare" until the clock strikes one, or the socks, grow for day, just as our injured friends may choose. The truth is, we were mistaken, and the paper we obtained our information from was also mistaken. We have since consulted Prof. Tice's almanac, and be states, positively, that the meteoric display will come off on the night of the 18th or morning of the 19th of next month.—Versailles Gazette.

Our old friend Taylor of Cole county with two other gentlemen gave us a call last Saturday. They were in pursuit of a man and family, who had borrowed their two mules and wagon to haul apples to the neighborhood, in place of hauling apples they were heading for the sunny south.

—Our friends and patrons have our everlasting regards for their kindness during the past week for responding to our call for services. Winter is at hand, wood and provision are equal, or better than cost for dues to the BANNER office.

For the BANNER:

In Memory of Our Departed Friend.

DIED.—At her residence near Pleasant Mt., Mo., on the 19th of October, 1879, Mrs. Harriet L. Eller, beloved wife of Samuel Eller, in the 58th year of her age. She has been afflicted for many years, and bore her sufferings like a Christian till our blessed Lord sent to take her from our midst. She was a member of the Christian church and was an ornament to the cause. While we are grieved at realizing the fact that she is with us no more we should be relieved at the thought that she is at rest in heaven, there breathing the pure atmosphere of the love of God. She was one who was loved by all who knew her. She leaves a great many friends to mourn her loss and an affectionate husband and four sons. May the children remember their dear mother's last words and grow to be honest and righteous men; may the Lord graciously sustain them in their sad bereavement and enable them to say "Thy will be done."

To sweet to pure to dwell below,

Our dearest friend has gone

Where angel arms embrace her now,

In her new and happy home.

Then friends dry thy falling tears,

Our aching hearts prepare,

That when death's angel comes for us,

We'll meet that loved one there.

SALLIE HATFIELD.
